

THE CY-FAIR EDUCATIONAL FOUNDATION PRESENTS

SALUTE TO OUR HEROES

SATURDAY, FEBRUARY 6, 2010 ☆ 6:30 P.M.

NORTHWEST FOREST CONFERENCE CENTER

Salute to our Heroes will honor the brave men and women who have served to preserve our freedom and liberty. Proceeds from this event will go to an endowment in the memory of fallen soldiers, enabling graduating students from CFISD to attend college. The Cy-Fair Educational Foundation invests in the future by providing scholarship funds for qualified students seeking education beyond high school and by funding instructional programs for CFISD. Inspirational speakers, entertainment, live and silent auctions will highlight this special evening. Tickets and sponsorship opportunities are available online at www.thecfef.org.

GUEST SPEAKER:

COLONEL MARK W. TILLMAN

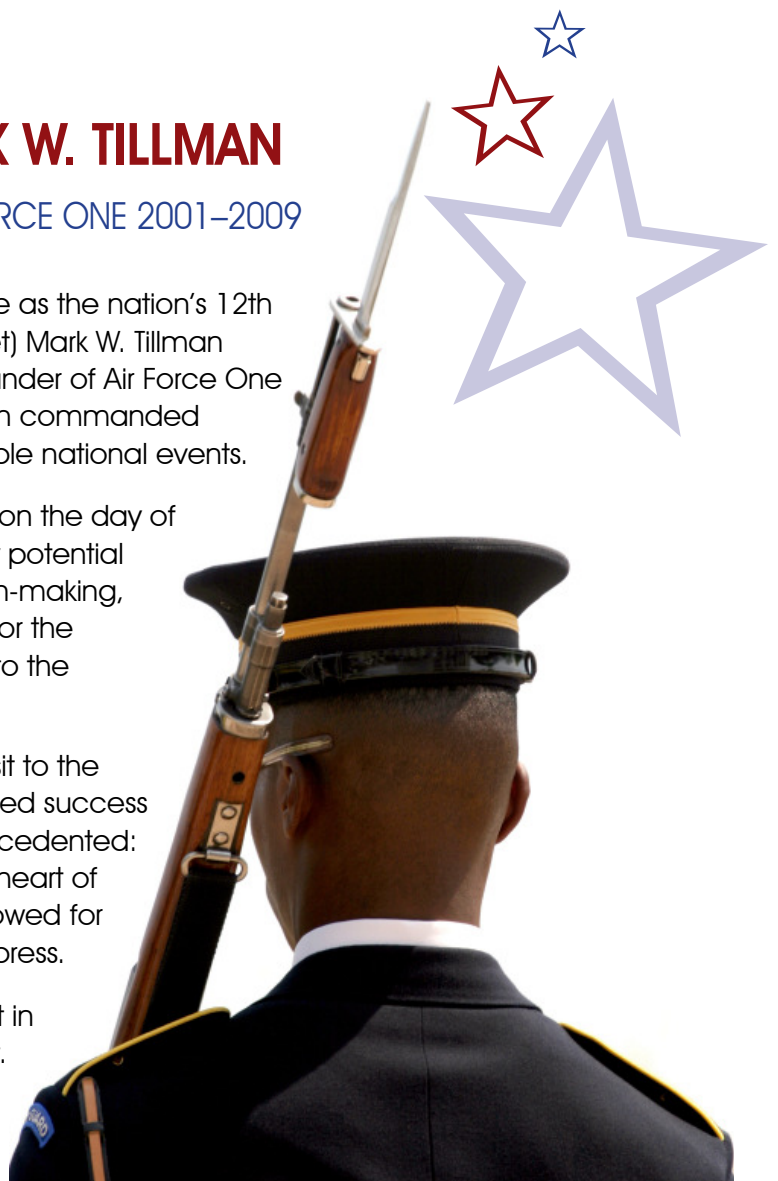

COMMANDER OF AIR FORCE ONE 2001–2009

Selected by the White House as the nation's 12th Presidential pilot, Colonel (ret) Mark W. Tillman served as pilot and commander of Air Force One from 2001-2009. Col. Tillman commanded Air Force One through multiple national events.

Most notably, he protected the President and his staff on the day of September 11, 2001 by escaping and evading many potential threats. Through careful planning and flawless decision-making, Col. Tillman and his crew provided two urgent needs for the President—complete safety and constant connection to the nation's first responders.

President Bush's seemingly impromptu Thanksgiving visit to the United States military in Iraq was another highly regarded success of Col. Tillman and his crew. The challenge was unprecedented: transport the most targeted man in the world into the heart of terrorism. His planning, done in complete secrecy, allowed for a complete surprise to the entire world, including the press.

Col. Tillman continues to mentor others as a consultant in the aerospace industry and flying as a corporate pilot. He approaches each opportunity with the same personal mantra: "Zero Failure doesn't just happen ... Successful leaders make it happen."
