Why are you going to college? Which college will you attend?

Why are you going to that particular college?

What do you want to study/major in?

What are some of your best skills?

What are some study areas that could use improvement?

What courses do you intend to take your first semester?

Why those courses?

What grades do you realistically expect to earn in each class?

What subject matter do you think you will do best in? Why?

What subject matter do you think will be more of a challenge for you? Why?

What do you want to have accomplished after your first year in college (the fall and spring semesters)?

Do you plan on attending summer school?

Where do you see yourself in four years?

What would be your ideal job/career?

Is it realistic? Why or why not?
